Ah, you say that you love me  
Know that couldn't be real  
My highschool girlfriend dykin', my side bitch and take  
her pill  
And all these bitches that I hung with ain't doing too  
well  
And every nigga that I hung with just use me for bail  
Once considered a rouge, I was chilling alone  
But I did have miss medusa, she loud and she leave  
me stoned  
Used to ride little buses, I ain't fuck with my teachers  
They ain't fuck with me neither  
15 and high on reefer  
Thank God for what I did with blocking against this  
shaky defense  
Yeah they always defend you, look how they say your  
name  
But if you're rap shit attendant I bet them feelings  
change  
Look, just remember how that winning taste  
Just in case a nigga never see that thrill again  
Love the game know this is coming from a different  
place  
Different stage, you switching paces like them...  
Look, just remember how that winning taste  
Just in case a nigga never see that thrill again  
Love the game know this is coming from a different  
place  
All the... all in the world...  
Varsity Blues y'all, Varsity Blues  
Varsity Blues y'all, Varsity Blues  
Varsity Blues y'all, Varsity Blues  
Varsity Blues y'all, Varsity Blues  
Look, I'm talking Reggie Bush, matter of fact ask  
Cameron Newton  
Matter of fact go ask they schools how many jerseys  
they was moving  
Thank you for they tuition, thank you for room and  
board  
Most of the niggas got no pot to piss during fall  
Niggas thinking in moving, AJ flipping computers  
Brandon Davis had relations, what if Jimmer was

screwing?  
They hate on Calipari, but I never seen the problem  
They get one season and poppin shit, at least he's  
being honest  
They always in their class, they always at their practice  
While they bumming for cash, you made it grip off a  
bracket  
Shout out to mid-majors, who forget what they major  
Just trying to go somewhere play somewhere with your  
players  
Pardon me, European, fuck who your current team is  
Cause every QB with my features is a Willie Beamen  
We never gonna be shit, unless we believe we need  
shit  
... to your leadership critiquing me some from the  
bleachers  
Varsity Blues y'all, Varsity Blues  
Varsity Blues y'all, Varsity Blues  
Varsity Blues y'all, Varsity Blues  
Varsity Blues y'all, Varsity Blues  
Look, just remember how that winning taste  
Just in case a nigga never see that thrill again  
Love the game know this is coming from a different  
place
