[Wale:]

Wale, Spitta, 9th Wonder, Class is in session

All them niggas pitch verbs, so they say

My weaponry is words, Doe-Ray-Me

The wars in the form of po-et-ry

So it's straight C4 from the thoughts I bring, Bang

Epiphany, them niggas is gimmicks to me

I can't eradicate a village if you hear me and be

Huh, I'm that bomb when that hand right

Play me for a stepping stone then, I land mine

Now walk to it with your land mind

I can make the clouds jealous nigga I am that fly

Listen to the words I'm a wizard with it, wittier than any

nigga, sicker then a Wino kidney liver

Ya'll riddles don't tickle a bit, ya'll similes is literal shit

No I'm the metaphor of that, my rhetoric inedible

This extriment means excellent rap, I make a lesser

adapt

Woouooooooooooooooooooooo Play

[Talking: Spitta]

Park my plane right there, Leave the key's with that
