Give it to me slow
Give now to me
Scream in my ear
Giving life to me
Come feel confusion its illusion it aint real
Your love your lust could never feel
The fear in my eyes
Oh I come to steal
Give it all to you give it all to me

Give into the fire
Don't blame it on me
Your Devils your desire now
No aint no shame on me
Give into the fire
Get down on your knees
And feed your desire
Don't tell it don't tell it to me

Your lust I can feel
Don't cry my name
I don't wanna hear it
Your passion your pain
My name is fate and I don't claim to be real
I take it all from you give it all to me

Give into the fire
Don't blame it on me
Your Devils your desire now
No aint no shame on me
Give into the fire
Get down on your knees
I don't want you to love me

No just give it all give it all to me

Lay down in the fire
You gave it to me
Reach down in desire for my shame aint no thing to me
Advance unto a liar
Never gonna see
Advance into a lie and try and see me for what you

thought I'd be
My soul is my loss
Tell me what you will
Say it say if it's all you'll need
Say if that's you believe
Can you tell me that you don't need
Say that you don't bleed
Your burning up up up
Save your up up up
Take me up up up
Celebrate me
You need to take me
You need to thank me

Give into the fire
Don't blame it on me
The Devils your desire now
No aint no shame on me
Give into the fire
Get down on your knees
I don't want you to love me
No just give it all give it all to me
