=====

Dancing with danger right until dawn
The sin that you buy and you sell
Mom and daddy said "the life that you've led,
You'll party you're way straight to hell"
On Your knees,
You shall be on your knees
Cos I want you on your knees
You shall be on your knees
And I need you on your knees
You shall be on your knees
Cos I want you on your knees
You shall be on your knees
Playing with fire, lust in your burns
Reflecting the flames in your eyes
Sex and pain insane, they're really the same
Misused and confused, bound and tied
On Your knees,
You shall be on your knees
Cos I want you on your knees
You shall be on your knees

And I need you on your knees
You shall be on your knees
Cos I want you on your knees
You shall be on your knees
On your knees that's where you all shall be
Well I bid you come taste your first deadly sin
Riding the wild wind and the door to submission
Will open and you shall fall in
On Your knees,
You shall be on your knees
Cos I want you on your knees
You shall be on your knees
And I need you on your knees
You shall be on your knees
Cos I want you on your knees
You shall be on your knees
On your knees
On your knees
On your knees
On your knees
(what the fuck was that
