Why's my blood race  
Why I gnash my teeth  
Sand man's come here  
With his misery  
You wrought with pain  
As you slash my flesh  
Wrath's revenge lives again

I'll kill your pain oh the seeds of cane  
I ain't no stranger giving love  
Don't ya plead  
Oh won't ya bleed for me  
Hell's be raining from above

I'm coming home  
Vengeance be thy name  
I'm coming home  
Revengeance scream my name

Cane killed Abel - did his brother's deed  
Cursed all time

Damned to spread his seed  
Pricks to blind  
Thorns are in my side  
Oh, slay thy brother's life

[Repeat bridge]  
[Repeat chorus]

Oh your God's got you dying to be  
Oh your martyr's in the sand  
I'll hunt you down like the dogs that you be  
Your Armageddon's in my hands

[Repeat chorus]
