=====

Touch, touch in the flame's desire

Feeling the pain's denial,

And your finger's in the fire.

Look, look in the candle light

See in the flame of life

And my spell is so alive

Taste the love, The lucifer's magic that makes you  
numb

The passion and all the pain are one

You're sleeping in the fire

Taste the love, the lucifer's magic that makes you  
numb

You feel what it does and you're drunk on love

You're sleeping in the fire

I gaze as the flame and fire burn

And cry out the name of which I yearn

Taste the love, The lucifer's magic that makes you  
numb

The passion and all the pain are one

You're sleeping in the fire

Taste the love, the lucifer's magic that makes you  
numb

You feel what it does and you're drunk on love

You're sleeping in the fire
