=====

Hell-hound, hot leather on your legs

That smokin', battered keg

You're riding on is hell-bound

And you're the one they claim

It's going down in flames

You're riding Hades' rails (Hellion)

Hellion - The devil's Hellion child

Hellion - will never have to die

Well child, you're sweatin' and you're stoned

That alcohol you downed

Makes you crazy-

All night, you damn the hurt and pain

And drink the devils rain

It's screaming out your name

Hellion - The devil's Hellion child

Hellion - will never have to die

The Gods you worship are steel

At the altar of rock 'n' roll you kneel

A slave hooked forever

Rocks his chain in the devil's locks

And slain by the bloody axe I wail

Hellion - The devil's Hellion child

Hellion - will never have to die
