Every night I pray God'll be on my side  
I need him more than ever  
If nothing else but to stay alive, and it's  
(Chorus)  
So good to know you are gonna be with me  
When I need you to  
I realise that the world moves  
With a lot of loving from the heart of you  
Every day I know when I walk on out that door  
He's gonna get me home  
Make my life worth living for, and it's  
(Repeat Chorus)  
I really love the way you keep me going on  
Remaining happy if I'm right or wrong  
Under the umbrella of love I belong, oh yeah  
Everything I do from this moment on  
I guarantee it's all for you  
So I dedicate this love song, and it's  
(Repeat Chorus)  
Every time it rains, anytime you're feeling blue  
Just remember he has an umbrella over you  
So good to know you could let me  
Love you God and hate you too  
You've forgive whatever I do  
and I wanna tell you that I love you  
(Repeat Chorus)
