In the lamp light check the scene  
In the day my life is a dream  
Do you know who you're talking to?  
Again I'm so glad baby that I'm not like you

Wire in your head, river in your bed  
Two hundred dollars, see his face go real  
Lost in the world where nothing is nothing  
Burnt pretty bad can't get a hit ahhh

My lover and me, we're sugar free  
This oughta be burning up and breaking down  
My lover and me, we're sugar free  
Ever wanna be burning up and breaking down

In the lamp light break the seal  
Dream of the place, make it real  
Desire can take you anywhere  
But it only lets you down, and there ain't nobody there

Wire in your head, river in your bed  
Two hundred dollars, see his face for real  
Apollo knows what you do today  
Fake it if you like, break it if you can

My lover and me, we're sugar free  
This oughta be burning up and breaking down  
My lover and me, we're sugar free  
Ever wanna be burning up and breaking down

Oh my love, let it take you higher  
Everyday meant take you higher  
I only see a memory  
Of what used to be

My lover and me, we're sugar free  
This oughta be burning up and breaking down  
My lover and me, we're sugar free  
Ever wanna be burning up and breaking down

My lover and me, we're sugar free  
This oughta be, na na-na na-na na na

My lover and me, we're sugar free  
Ever wanna be, na na-na na-na na na...  
My lover and me, we're sugar free  
This oughta be, na na-na na-na na na  
My lover and me, we're sugar free  
Ever wanna be, na na-na na-na na na
