How could you do that, babe

I'd never been so happy
Never had I been so far from sad
There's no doubt in my mind
You're the best thing I've ever had

And love I, I wanted you close to me
I wanted all the world to see
I finally found my true love
A gift from God up above

(Oh, now you say it's over)
Now you tellin' me it's over
(Girl, you meant the world to me)
You meant the world to me

(All you really did was make me see)
You made me see
(Only love can break you heart)
That only love can break you heart

Oh girl, you taught me well
And I know, I know, I know, see it's love

I, I wish we had never met
'Cause now there's no way to forget, oh baby
How deep a love I have for you
Oh, all the pain you put me through

Oh, look what you've done to me
How could you treat our love so recklessly, yeah
What's still left oh, lady, I'm gonna be around
But I wanna know, why

(Oh, now you say it's over)
Why you tellin' me it's over?
(Girl, you meant the world to me)
You meant the world to me

(All you really did was make me see, only love)
All you did, all you did was make me see

Only love can break you heart
(Only love can break you heart)
It takes love to break your heart

I know, I know, I know, I know
I know, I know, I know, I know

It's hardly when, when you let it get close
(Come on and let it close)
Hurts you the most
(Come on and learn to trust)
When you learn to trust, it can hurt so much, girl, ah
(Come on and let it close)

Come on and learn to trust
Come on and let it close
Come on and let it close, only love
Only love can break you heart

Come on and let it close
Come on and learn to trust
Come on and let it close
Come on and learn to trust
Come on and let it close
