What's happening, baby
I'm so sweet upset
Ooo-eee baby
It's your loveliness
I can't see no rest
So, what's happening, baby

What's happening, baby
To my eyes and lines
Ooo-eee baby
It's your way out time
I'm bait for a fine
So, what's happening, baby

Have eyes, will love
Have arms, will hug
Have lips, will kiss
These things I won't miss

What's happening, baby
Won't you turn me on
I'm telling you, baby
When I ring your phone
No answer when I knew you were home
So, what's happening, baby

Have eyes, will love
Have arms, will hug
Have lips, will kiss
These things I won't miss

What's happening, baby
Won't you turn me on
I'm telling you, baby
When I ring your phone
No answer when I knew you were home
What's happening, baby

What's happening, baby
My heart feels so nice...
