Night time's got a lot to offer  
When you don't want to suffer  
Anymore  
I'm a patron of the arts you cried  
but he hasn't been alive for 20 years  
That's a lot of tears

(He's leaving)  
Stand at the door with the lock  
That he fixed on it many years before  
Just to hide from the outside  
(His love behind)  
He's leaving his love behind

(He's leaving)  
Waiting for a cab he is sad  
What's the point in believing  
In a place where your heart's a disgrace  
(his love behind)  
Now he's leaving his love behind  
Yeah he's leaving

Could you be so kind to please  
Explain to me what all these  
Years have done to me  
Could've sworn that i knew best  
A drunken laugh a sordid test  
That's all it's really been  
And i never thought i'd leave

(He's leaving)  
Stand at the door with the lock  
That he fixed on it many years before  
Just to hide from the outside  
(His love behind)  
He's leaving his love behind

(He's leaving)  
Waiting for a cab he is sad  
What's the point in believing  
In a place where your heart's a disgrace

(his love behind)  
Now he's leaving his love behind  
Yeah he's leaving

his love behind X3 (it's never ending)  
his love behind (your loves not sending)  
his love behind X3 (walk back inside now)  
Just turn around now  
Ahhhhhhh

Waiting for a cab he is sad  
What's the point in believing  
In a place where your heart's a disgrace  
Now he's leaving his love behind  
Oh yeah he's leaving

Night time's got a lot to offer  
When you don't want to suffer  
Anymore
