

Waikiki "Morning Light"

Visit "[Morning Light](#)" on MotoLyrics.com

Wake to the morning light
Open your eyes
Reach for the sun
Rise to the evening air
Open your heart
Live to be there
And then you'll make him happy
So she'll be your only
Do it all for yourself
Live not for your fears
Only your dreams
It's not what it seems
Rise to the evening star
Be who you are
It's not very hard
And then you'll make him happy
So she'll be your only
Do it all for yourself
Ich ni san chi
And then you'll make him happy
So she'll be your only
Do it all for yourself
Do it all...
