Hey miss universe  
You've shown us the way  
You've taught our lesson  
Our lesson of the day  
You and i will fly away

Hey miss universe  
we're waiting in line  
We're waiting to see your  
Great big smile  
You and i will fly away

Beauty  
Will not save your soul  
As would love  
Beauty  
Will not change your life  
Rise above

Take my hands  
Show me the way X3

Hey miss universe  
You've shown us the way  
You've taught our lesson  
Our lesson of the day  
You and i will fly away

Beauty Will not change your life  
As would love  
Beauty Will not save your soul  
Rise above

Rise above, rise above X3
