When the sun is just behind the trees  
You can see that it's a new day  
When the sun is breaking through the trees  
You can put your mind at ease  
Put your mind at ease  
The sun is shining  
When the fields are growing heavier with grain  
You can harvest for the winter  
When the fields are growing heavier with grain  
You can put your mind at ease  
Put your mind at ease  
The fields are turning  
Put your mind at ease  
The fields are turning

One summer night, I would long to have You near me  
All other nights, I would wait forever  
One summer night, will I recognize Your form  
On a hill far away?

When the sun lies lowly in the west  
You can feel the embers glowing  
When the sun leaves us for the season  
You can put your mind at ease  
Put your mind at ease  
The embers glowing  
Put your mind at ease  
The embers glowing

One summer night, I would long to have You near me  
All other nights, I would wait forever  
One summer night, will I recognize Your form  
On a hill far away and coming...

When you hold the bread in your hands  
You can stay as long as you want  
Hold the bread in your hands  
You can put your mind at ease  
Put your mind at ease

One summer night, I would long to have You near me

All other nights, I would wait forever  
One summer night, will I recognize Your form  
On a hill far away and coming home?
