Mark me, you're ripping me apart.
Pierce me, and go straight for my heart.

No one
Gave me honor.
They all
Gawked and taunted.

All will know this rooftop serves it's purpose quite well.
These shots will pierce before they can even yell.
And so I trained to sit here nice and still.
My rifle's looking for comedians.
That seems to be everyone these days.

No. They had a chance.
It won't make a difference now.
I'll make them dance one song.

All I know is after this, everyone will
Love me for ridding this place of some of the vermin.
They'll understand that some deserve to die young
And the best part is it's all at my own hand.

You're just plain pathetic.
You're so worthless. (overlapping)
No I'm not and here's my proof.

No. They had a chance.
It won't make a difference now.
I'll make them dance one song.

And when I ease that trigger
I smile a little bigger friend.
When I hear some screams
Then my lust will end.

Watch me.
Love me.

I know I'm chosen as the one
To hold the fort and judge what's wrong.

I am the one.
I can't be wrong.

No. They had a chance.
It won't make a difference now.
I'll make them dance one song.

It's my turn
