Well the fires are tended  
And my blood it just boils  
(Hey there pass your hat)  
And the fruits of hard labor  
Have been drowned in snake oil  
(Hey there pass your hat)

The dead are thin  
Their houses fat  
Once you steal you can't give back  
From the scaffold greed explodes  
Down to nothing  
Down where nothing brings you down

Well we've all been to heaven  
And we've all been to hell  
(Hey there pass your hat)  
And the door-to-door salesmen there  
Have nothing left to sell  
(Hey there pass your hat)

And the poison you choose  
Is the source of my confusion  
And I spend all my time  
Trying to figure what you're using

Well the bones of contention  
Are at the top of your stairs  
(Hey there pass your hat)  
And they'll shake and they'll rattle  
'Til somebody cares  
(Hey there pass your hat)

The dead are thin  
Their houses fat  
Once you steal you can't give back  
From the scaffold greed explodes  
Down to nothing  
Down where nothing brings you down

And the poison you choose

Is the source of my confusion  
And I spend all my time  
Trying to figure what you're using

Please pass your hat X5  
Won't you pass your hat
