Behind the bric and brac  
There will be no lookin' back

And between hell and hello  
There will be no lettin' go  
No there won't

And you can't be serious  
No you can't  
You won't really do him in  
Well you might

Hey this all seems like a joke  
Yes it does, but it's not  
Where I laugh before you've spoke  
Stuttered words  
Poisoned love

And the trumpets lean and barren  
And the sirens shrill and darin'

On the day that I.....

And your people all will say  
What they want, what they will

And the tower bells will rage  
From the top of the hill

And the crows they all will crow  
What they crow  
What they know  
And the crows they all will crow  
"gotta go"  
"gotta go"

And the trumpets lean and barren  
And the sirens shrill and darin'  
On the day that I.....

The day that I stop carin'
