Chorus:

Ooh, love tonight  
ooh, would feel so fine

I got to find someone to love tonight  
you know, i've been lately feeling so, so tight  
I cannot keep myself together,  
I see this world behind a flustering haze  
I got to find someone who to give this present  
I been saving for all these days  
(end chorus)

(repeat chorus once)

Ooh, love tonight  
Ooh, would sure unwind

The male in me is giving too much fuzz  
it's taking me forwards with all this rush

I cannot keep myself together,  
I see this world behind a flustering haze  
I got to find someone who to give this present  
I been saving for all these days
