Solid gold candle holders  
And an old bottle of wine  
You let your hair down on your shoulders  
And you pressed your lips to mine  
The rain beat soft against the window  
As the night turned into dawn  
As I looked deep into your eyes  
I knew where my heart belonged

Chorus:

I'm ready for the next step in love  
Girl, you're all that I can think of  
Isn't my love good enough  
I'm ready for the next step in love

Solid white wedding dress  
And a long white veil  
We put our fears to rest  
And we let this ship set sail  
I placed the ring on your finger  
Then you looked at me and smiled  
Then we sealed our love with one last kiss  
And I walked you up the aisle

Chorus (Twice)

I'm ready for the next step in love
