When you left, I told myself
I wouldn't let you haunt my mind
I'd be strong I'd carry on
And leave the past behind
I'd just forget, we ever met
And find somebody new
Now I want you to know
I'm almost over you

The only time I ever miss you honey
Is when I'm alone or when I'm with somebody
Your memory never even gets to me
'cept for when I'm awake, and When I'm sleeping
Girl you never even cross my mind
'cept just when I think I left you far behind
Only when I laugh, only when I cry
And only on days that end in Y

Now I'll admit, you're hard to quit
I've been going through a bad withdrawl
But you can bet, I had to let
You walk before I'd crawl
I got my pride, wrong or right
I'm gonna to stand my ground
And I aint gonna let
Your memory get me down

The only time I ever miss you honey
Is when I'm alone or when I'm with somebody
Your memory never even gets to me
'cept for when I'm awake, and When I'm sleeping
Girl you never even cross my mind
'cept just when I think I left you far behind
Only when I laugh, only when I cry
And only on days that end in Y

When you walked out, I was just about
To break down and beg you not to go
But if you wanna come home
It's only fair that you should know

The only time I ever miss you honey
Is when I'm alone or when I kiss somebody
Your memory never even gets to me
'cept for when I'm awake, and When I'm sleeping
Girl you never even cross my mind
'cept just when I think I left you far behind
Only when I laugh, only when I cry
And only on days that end in Y

And only on days that end in Y
