Let's have a talk
About you and me
Or I'll work my way out
Of this broken dream
Seems like we are dressed in complication
But this dress does not fit
Time never stops
Time never sleeps
Time saw me crashing
Into the same old things
Time gives me advice about the future
Do you want to be in it?

Rush hour has come
Hurry up and leave
If you cannot wait
Kiss goodbye our destiny
With an eternal kiss

Do you understand
My reality
Are you strong enough
Can you live with it
I won't give you more than you deserve
That is just the way it is

Is your spirit black
Is your spirit white
I hate shades of gray
They confuse my mind
It's either one way or the other
Now what do you think about that?

Rush hour has come
Hurry up and leave
If you cannot wait
Kiss goodbye our destiny
With an eternal kiss

Put yourself in my shoes
Or tear my pride apart
Either way

You give up or you start

Rush hour has come
Hurry up and leave
If you cannot wait
Kiss goodbye our destiny
With an eternal kiss
