One, two boys by the river
Down by the water
Tellin' riddles in the dark
With fireflies under the moonlight
Carvin' the insides of a tree with a knife
Ever hear the one about the boy's big sister
His best friend come along
He tried to kiss her

[Chorus:]

The only difference
That I see
Is you are exactly the same
As you used to be

One boy lives in a tower
With bow and arrow
And the artificial heart
With his girl
Miad of dishoner
He loaded the cannon
With a jealous appetite
They say that children now
They come in all ages
And maybe sometimes old men die
With little boy faces

[chorus]

[repeat]

You always said that you needed some
But you always had more, more than anyone

[chorus]

[repeat]
