Takes all my might
To find a hole that feels right
To bury myself
In a deep sleep at night
I hear a voice
Coming from the hillside
Says IÂ'll show you the way
I will show you the light

But IÂ'm tired
IÂ'm tired
IÂ'm much too tired
IÂ'm tired

HeÂ's says I know where you were headed
And youÂ're half way there
But youÂ've got to be careful
YouÂ've got to beware
Some people want to hurt you
Some people donÂ't care
But IÂ'm never gonna give you
Any more than you can bare

[chorus]

ThereÂ's nothing left here to rise above
WeÂ're not talking boutÂ' that kind of love
YouÂ've got people here counting on you
NowÂ's a good time
To learn how to pull through

Sometimes a good idea
Just isnÂ't enough
YouÂ've got to do the work
Now get your ass up
There isnÂ't really such a thing as bad luck
Yeah, but once I shot an arrow
In the sky and it stuck

[chorus]

YouÂ've got to keep movinÂ'

You've got to keep pushin'
You're never gonna get back
Anymore than you're givin'
Life is for the living
You've got to be willin'
A song ain't a song
Until someone starts singin'

[chorus]
