We've lived on dreams and promises
We've shared the laughter and the tears
And in the times of uncertainty
You've been my shelter through the fear

Though I always thought
The goal was somehow worth the cost
I've learned I'm not afraid to say

You're the only one I love
The only one I love
The only one I love
You're the only one I love

There was a time I fled honesty
Emotions I never showed
Restless dreams, they kept haunting me
But I never let you go

Cause if I ever lost
The one and only heart I trust
I could never find my way

You're the only one I love
The only one I love
The only one I love
You're the only one I love

Lay your soul down beside me
Let my touch soothe your fears
I'm not quite sure what tomorrow brings
But I'll always be here

You're the only one I love
The only one I love
The only one I love
You're the only one I love
