"Zulieka"

Murder, engineer death and evil
Mentor/tormentor
Spiritual rapist
Divine predator
Beguiling Zulieka
I must take her in hand
The leptosome nymphet
Demands discipline
Capricious and lissome
Macromastic and dark
The taste of her cunt
Almost makes me feel pure
Be unto me, resplendent sin
Appease this disease
Insatiable Satan
Olam ha Nekudoth
Insatiable master, Satan
Blood of Christ
Necronomicon
Blood of Christ
Many realities unfold
Betwixt a rich fruit of locusts
Shade and substance twists
I could almost believe in Allah
For your sake, Zulieka
"Be unto me, Devil
Be unto me..."
