(It's all over)
How can I tell her
It's all over
How can I say
I'm going away
I'll break her heart, I'm sure
But I'll hurt mine much more
And I've got to explain
(It's all over now)
It's all over

How do I tell her
I'm in love with you
What words can I use
To say you love me too
Without making her cry
And I'm no good guy
I've got to explain
(It's all over now)
It's all over

Should I start a false fight
(No, no - that wouldn't do)
It wouldn't be right
(No, no - that wouldn't do)
Should I just run away
(No, no - that wouldn't do)
I've got to find a way to say
(It's all over now)
It's all over now

(It's all over)
How can I tell her
About the way we feel
All the happiness we share
Yet with her it's like a sheep?
That has been plunged into the?
So wide I can't get her up
But I've got to explain
(It's all over now)
It's all over

Should I start a false fight
(No, no - that wouldn't do)
It wouldn't be right
(No, no - that wouldn't do)
Should I just run away
(No, no - that wouldn't do)
I've got to explain that it's
(It's all over now)
It's all over now
I've got to explain
(It's all over)
Darling let me explain
(It's all over)
I know it's gonna make you cry
(It's all over)
I don't want to make you suffer no more
My dear but I...
(It's all over)
