Driving by the window where you work
Is when I should have let you know
Instead of only saying hello
And waiting for your phone call meant the world to me
But now it's over and I'm through
With all this runnin' after you
Cuz I know you found the one you want
And I will never do
So I don't wanna say I'm sorry
Cuz that would mean I'm movin' on
I'd rather keep the story goin'
So maybe it will come undone
I bet if I were cool you'd take me on
That's what I'm trying not to see
But see that's taking way too long
And sittin' in your driveways Sunday afternoon
Is when I should have let you know
If we could only be alone.
But I know you found the one you want
So I will never do, I wish I knew Oohhh yeaah
So I don't wanna say I'm sorry
Cuz that would mean I'm movin' on
I'd rather keep the story goin'
So maybe it will come undone
And I don't wanna say forever
Cuz that would take out all the fun
So how can someone be so lonely
I guess that I'm the only one
I'm losin' out
I'm losin' out
On the way you looked at me
I'm losin' out
I never wanted it any other way
I'm losin' out
And all the things you said to me
I'm losin' out
You're the one that I've been dreamin' of
Driving by the window where you work
Is when I should have let you know
Instead of saying hello
