Overload,
one more push and I'll explode
Breakin' news:
I am this close to blowing a fuse

If you can't take the flames, then you shouldn't play
games
Can't take the heat? Pack your bags and retreat.
If you can't take the flames, then you shouldn't play
games
Can't take the heat? Pack your bags and retreat.

You're playing with fire, fire, burning inside of me
You're playing with fire, fire, burning inside of me
Haven't you learned ?
Playing with fire, you will get burned.

You're playing with fire, fire, burning inside of me
You're playing with fire, fire, burning inside of me
Haven't you learned ?
Playing with fire, you will get burned.

Red Alert,

stand too close and you'll get hurt.
Don't you know
That warned you to let it go

If you can't take the flames, then you shouldn't play
games
Can't take the heat? Pack your bags and retreat.
If you can't take the flames, then you shouldn't play
games
Can't take the heat? Pack your bags and retreat.

You're playing with fire, fire, burning inside of me
You're playing with fire, fire, burning inside of me
Haven't you learned ?
Playing with fire, you will get burned.

You're playing with fire, fire, burning inside of me
You're playing with fire, fire, burning inside of me

Haven't you learned ?
Playing with fire, you will get burned.
