

Milk Inc. "Shine On"

Visit "[Shine On](#)" on MotoLyrics.com

Out of sight change of heart
Looking for a brand new start
Moving on or standing still
I've got too much time to kill
When this day has passed
It makes way for the night
Don't let it get too dark
Yeah, it'll be alright
I'll shine on bright as the sun
(As the sun... as the sun...)
I won't fade away like yesterday
I'll keep shining on
When daylight has gone
(Nev-nev-nev... Never again)
Out of reach, gone too far
A broken string on my guitar
Lesson taught or lesson learned
When another page is turned
When this day has passed
It makes way for the night
Don't let it get too dark
Yeah, it'll be alright
I'll shine on bright as the sun
(As the sun... as the sun...)
I won't fade away like yesterday
I'll keep shining on
When daylight has gone
(Nev-nev-nev... Never again)
I'll shine on bright as the sun
(As the sun... as the sun...)
I won't fade away like yesterday
I'll keep shining on
When daylight has gone
I'll shine on bright as the sun
(As the sun... as the sun...)
I won't fade away like yesterday
I'll keep shining on
When daylight has gone
(As the sun... as the sun...)
(As the sun... as the sun...)
