I know you're looking at me  
Oh I can feel you stare  
Why don't you come over here  
If only I were there

I don't know what to say  
'Cause words can't describe  
Listen to the music  
Something's in the air tonight

One single word  
Could be too much  
So let the rhythm do the talking  
Wanna feel your touch  
One drop of rain, it's not enough  
'Cause I could fill an ocean with my love

I hear you calling my name  
Calling my name  
Dancing in the rain  
I hear you calling my name  
Dancing in the rain

Dancing in the summer rain  
Dancing in the summer rain  
Dancing in the summer rain, oh  
Dancing in rain

The pod is drifting away  
There's only me and you  
And though I don't know your name  
I know I'm into you

I feel like I'm somebody else  
You make me feel so shy

Listen to the music  
Something's in the air tonight

One single word  
Can be too much

Let the rhythm do the talking  
Wanna feel your touch  
One drop of rain, it's not enough  
'Cause I can fill an ocean with my love

I hear you calling my name  
Calling my name  
Dancing in the rain  
I hear you calling my name  
Dancing in the rain

Dancing in the summer rain  
Dancing in the summer rain  
Dancing in the summer rain, oh  
Dancing in rain

One single word  
Could be too much  
So let the rhythm do the talking  
Wanna feel your touch  
One drop of rain, it's not enough  
'Cause I could fill an ocean with my love

I hear you calling my name  
Calling my name  
Dancing in the rain  
I hear you calling my name  
Dancing in the rain

Dancing in the summer rain  
Dancing in the summer rain  
Dancing in the summer rain, oh  
Dancing in rain

Dancing in the summer rain  
Dancing in the summer rain  
Dancing in the summer rain, oh  
Dancing in rain
