(Milla Jovovich)  
Welcome down to Ruby Lane  
Take your pick, sir  
We're all the same  
The sky is my one direction  
The earth is my bed  
Welcome down to Ruby Lane  
Save your soul, man  
For life's a game  
Receive me as a dancing monkey  
And throw me a dime  
And if you see my brother  
You'll know 'cause he's wearing no shoes  
Won't you be so good, man  
And throw him some food  
You come back now and share your peace  
We'll still be here  
'Til time's release  
I'm here with my one companion  
The road beneath my feet  
And if you see my brother  
You'll know 'cause he's wearing no shoes  
Won't you be so good, man  
As to throw him some food  
Welcome down to Ruby Lane  
Take your pick, sir  
We're all the same  
I'm here with my one companion  
The road beneath my feet  
I'm here with my one companion  
The road beneath my feet
