"Combat Honey"

If I'd dare to dance
She'd build a ballroom for me
And spike my drinks
To make it easier for me
She really impresses me
Tough and sweet
Yeah, that's my
Combat honey
Both naive and deep
Combat honey
Never stops to thrill
If my head should burst
She'd be the first to mend it
If I was a girl
She'd be the first to bend me
It's hard to define it
Tough and sweet
Yeah, that's my
Combat honey
Both naive and deep
Combat honey
Never stops to thrill
