

## Wannadies "December Days"

December days pass my way  
Dawn meets dusk when I wake up

Snowy streets under my feet  
The street lamp's glow  
Is the only sun I know

I don't even recall  
The smell of summer  
Pictures on my wall won't bring me  
That smell of summer

December days I'm betrayed  
Santa Claus never came

I made my wishes  
I was so good  
But I never really understood

I don't even recall  
The smell of summer  
Pictures on my wall won't bring me  
That smell of summer  
December  
December  
December

200 days of darkness is a long time  
What doesn't kill you makes you stronger
