We go - to places  
Where everything feels amazing  
No need to pretend  
We know we're good friends  
And that's the way it should be  
Then it's over  
A beautiful girl absorbed you  
For you it's a game  
And I'm in your way  
I have to make sure - I'm not ignored  
I want you to know that I could break your motorbike  
The one you like  
I want you to see how much I mean to you  
It's you and me - right - friends  
Now you're sober  
Did you really have to show her  
Your talent and charm  
You push me too far  
It's not the way it should be  
Blown to pieces  
Feels like you're a different species  
It's always the same  
You play all these games  
I have to make sure, I'm not ignored  
I want you to know that I could break your motorbike  
I know you like it  
I want you to see how much I mean to you  
It's you and me - right - friends
