I won't always do the right thing  
When I'm alone I'm good company  
God damn, I'm one handsome man  
You're a star, I know you quite like me  
You make me hard but baby you're not me  
Nobody will love me more than I do  
I'm in love with myself  
I'm in love with myself  
Oh yeah, oh yeah, I love myself  
Oh yeah, oh yeah, I love myself  
I won't never disappoint me  
When I'm alone looking in the mirror  
God oh my, that's one pretty sight  
You're a charm, but not enough of me  
When I'm alone, no one ever disagrees  
Nobody will love me more than I do  
I'm in love with myself  
I'm in love with myself  
Oh yeah, oh yeah, I love myself  
Oh yeah, oh yeah, I love myself  
I love myself  
Whatever you say, whatever you say, whatever  
Whatever you say, whatever you say, whatever  
Whatever you say, whatever you say, whatever  
Whatever you say, whatever you say, whatever  
I'm in love with myself  
I'm in love with myself  
Oh yeah, oh yeah, I love myself  
Oh yeah, oh yeah, I love myself  
I love myself  
I love myself  
Oh yeah, oh yeah, I love myself  
Oh yeah, oh yeah
