"Lee Remick"

She comes from Ireland,
She's very beautiful
I come from Brisbane,
But I'm quite plain
She's from the mountains,
So close to heaven
Skies on her shoes and
Stars on her chest

I love Lee Remick, she's a darling
I love Lee Remick, she's a darling

She's in "The Omen" with Gregory Peck
She gets killed, what the heck
Her eyes are like jewels
She's an actress for Screen Gems

I love Lee Remick, she's a darling
I love Lee Remick, she's a darling!

Her hair is red, but it's not dyed
If I touched her, I might wanna cry
My life is desperation, but it's only...
Infatuation!
