Oh god how fun to be the one  
I'm so sad to say  
You're nice and all, but you're to tall  
I have to go now  
It always happens to me - always  
They feel attracted to me - shorty  
Always, they say  
If you go - I go with you  
If you stay - I'll wait  
If you don't know - I consider this a date  
I stayed and she waited for me  
No chance to get away  
I tried to think, another drink might help me  
It always happens to me - always  
They feel attracted to me - shorty  
Always, they say  
If you go - I go with you  
If you stay - I'll wait  
If you don't know - I consider this a date  
Stuck in the bar, I couldn't get far  
She was still there - smiling  
"It's not me being tall, it's you - you're small"  
"I like that"  
It always happens to me - always  
They feel attracted to me - shorty  
Always, they say  
If you go - I go with you  
If you stay - I'll wait  
If you don't know - I consider this a date
