I don't quite like where I am
There has to be a place where
I can go where no one knows my name
And I can spend some time alone with you and only you
is what I need

Cause I feel free enough to say these things
That's why you are my sanity
Up inside the tower of my mind
Your lips are blind
And no one but me knows that you exist
It's not very easy for me to hide
A light so bright
And there's only one word to describe you

[Chorus:]
Special (ooh)
Special (ooh)
Special you are
Girl you are so
Special (special baby)
Special you are

Knowing just the way you feel
There has to be a way that I can feel you without feeling
you
Sometimes I think I feel you too damn much
This that and such
Lalalala
That means I love you
It's true
No one comes as close to me and you

And all I do is smile when you're around
So glad I found someone to cure the pain with just one
kiss
(You do this to me)
(And you get the best of me)
(And you leave the rest of me)
And isn't that the reason why there's one word to
describe you

[Chorus:]
Special (ooh)
Special (ooh)
Special you are
Girl you are so
Special (special)
Special you are

Special (special)
Special (cial ooh)
Special you are
Girl you are so
Special (special baby)
Special you are
Special

Special
So incredible
I want
The world to know
Special
Your my
My star
No matter how
How far
You are the one that I adore
You are so

Special
Are
Girl you are so
Special you are

[Chorus: till end]
