hey
it's great to see you again my friend
here we are, we're the saddle club
and now a new adventure can begin

so come and take a ride through the countryside
we're gonna fly high higher than we've ever done
before
it's a wonderful life, and there's so much more
and the sun is always shining when I see your
face is smiling every day
and the sun is always shining when I see you face
is smiling when I say hey

hey
it's great to see you again my friend
here we are, we're going far
we're heading for Pine Hollow, come join in

so come and take a ride through the countryside
we're gonna fly high higher than we've ever done
before
leave your troubles behind, they're not worth it for sure
and the sun is always shining when you see that silver
lining through the grey
and the sun is always shining when I see your face is
smiling when I say hey

so come and take a ride through the countryside
we're gonna fly high higher than we've ever done
before
it's a wonderful life, and there's so much more
and the sun is always shining when we are riding
on our way
and the sun is always shining when you see that silver
lining through the grey
and the sun is always shining when I see your face is
smiling when I say hey

hey
it's great to see you again my friend

here we are, we're the saddle club
and now our new adventure can begin
