hey every one lets go out and ride
ride all day in the sun we'll have a
good time with our friends and horses
lets go lets walk lets trot lets canter
lets gallop gallop gallop on a trail ride

hours;
through the forest jump
over the streams jump
any logs in our path lets
make this a perfect trail
ride we'll ride till the sun
sets then we'll turn around
and come back home lets go
on a trail ride

hours:
brush the horses saddle
up we're going on a trail
ride brush the horses saddle
up we're going on a trail ride
lets go go go go go

hours:
trail ride we're goin on a
trail ride we're goin on a trail
ride.
