kicking up the morning due  
nothing we would rather do for fun just for fun  
ride until the afternoon, all our friends will be there too  
for fun just for fun  
welcome to the saddle club adventures in the sun  
cause we are one, we are one  
wait until the school weekend the saddle club comes  
round again  
for fun just for fun  
welcome to the saddle club adventures in the sun,  
cause we are one  
we are one  
rolling down the wide, and winding track, the wind is at  
our back as we rolome  
riding along the bush trail in a line waiting for a sign to  
take us home

brush the horses saddle down, light the fire gather  
round for fun  
just for fun  
welcome to the saddle club adventures in the sun  
cause we are one  
we are one we are one (x7)
