"In A Room"

The sun is shining
And the babes are surfing nude
I've got a Bud in my hand
And I'm relaxing in the sand
I smile, they smile as my Bud is getting hot
They want me to be a surfer
And man! Why not?
I am surfing in my room
I feel so satisfied
As I'm surfing in my room
The wind is blowing
And the waves are all I see
They take me away
Into another perfect dream
Into anothe perfect dream
That's what it is
A dream
I am surfing in my room
I feel so satisfied
Surfing in my room
Feel like a star
Surfing in my room
Just to bad that I can't get far
Surfing in my room
Feel like a man
A Don Juan on my board and that's what I am
I am surfing in my room
I feel so satisfied
I am surfing in my room
I feel so satisfied
As I'm surfing in my room
