"Shut Me Out"

Even the smallest thing could be enough for you,
Still it was too hard for me to give.
Even the smallest thing could break your heart in two,
No wonder why it's hard for you to live.

Just like I turned you down,
I always shut you out.
No matter who I blame you're not around,
I cannot turn back time, I cannot change a thing.
No matter what they say, I shut you out.

Even the smallest thing can make your day complete,
I've never seen a bigger smile than yours.
Even the smallest thing can wipe you off your feet,
When no one's catching you, you hit the floor.

Just like I turned you down,
I always shut you out.
No matter who I blame you're not around,
I cannot turn back time, I cannot change a thing.
No matter what they say, I shut you out.

Just like I turned you down,
I always shut you out.
No matter who I blame you're not around,
I cannot turn back time, I cannot change a thing.
No matter what they say, I shut you out.
