"Do Or Die"

In the land before our lives - we had peace and no
crime
Honesty was always there - Goodness was everywhere
Kindness was the first law - nobody wanted more
The dreams of today - were never needed before

Look what we have here now - people betray
themselves
Violence all over the earth - breaks the trust in
ourselves
Pain and stress all day long - the government treats us
wrong
No time for feeling and dreams - destroys the human
beings

Change your mind and save your life - before it is too
late
Because what we do means we don't have a future -
Can we only pray? Oh, pray! Oh, pray!

[Melody: Stichler]

If we don't find a way out - the hell will always be there
The devil takes our souls - and our hearts turn to stone
Give us a chance to be alive - we don't have much more
time
This whole unreal place - is beginning to die

Change your mind and save your life - before it is too
late
Because what we do means we don't have a future -
Can we only pray? Oh, pray! Oh, pray!

Change your mind and save your life - before it is too
late
Because what we do means we don't have a future -
Can we only pray? Oh, pray! Oh, pray!
