It's everything that I can do right now
To not think about you moving further off with every
passing second
And every night of this lonely summertime
I feel you missing from my heart, a part was kidnapped
from my soul
Skin

Eyes
And a song in my head that burns so good on my
tongue
Yes I will, yeah, yeah
Yes I will

The night is aging as the sun warms your face
Won't you turn around and stay for good, the air is
getting much too cold
I am nervous and anxious, it really counts this time
And you know all my favorite singers have stolen all of
my best lines
Skin

Eyes
And a song in my head that burns so good on my
tongue
Yes I will, yeah, yeah
Yes I will, yeah, yeah
Yes I will

Someday I'll burn this bed
Only two feet wide, but where I'll hide for the next 17
days
I will ask myself, "How badly do I want this?"
I really want this

Skin

Eyes
And a song in my head that burns so good on my
tongue
Yes I will, yeah, yeah
Yes I will, yeah, yeah

Yes I will
