I'll be back tomorrow  
I'll be back in the ballroom swingin'  
I'll be back with my superman action and I'm off to save  
the world  
Silly me I left a message with no return number  
For my boys in blue in case of an emergency  
In case the shit goes down

(chorus)

I'll be back tomorrow  
I'll be back in the ballroom swingin'  
I'll be back with my superman action and I'm off to save  
the world  
I'll be back tomorrow  
I'll be back in the ballroom swingin'  
I'll be back with a capital h it stands for hero and the  
hero is me  
I'll be back tomorrow  
I'll be back at a quarter to eleven  
I'm half drunk, I can't see straight, I hear a zero with a  
capital z (that's me)  
Singin' songs from the balcony as the city crumbles  
Under the powers of an evil Dr. Rocket Science Monster  
With the abilities to  
Destroy the entire universe

Repeat chorus

(so much for the balcony as the city crumbles)
