Next Weekend so suddenly
I try to see the mates
But i changed
I tried to tell you everything
I guess i wasn't right
And now it's just too late

C'mon C'mon
That's not what I said
Believe believe
What I meant

All my friends have come and gone
Its like my past erased
And traveled into space
And logically I'm confused
I'm turning to who was
My best solution

C'mon C'mon
That's not what I said
(not what i said)
Believe believe
What I meant
(what I meant)
Ease up ease up
And life will get better
(life will get better)
Enjoy enjoy
Its all okay

Today I've come to choose my ways
Ive seen it all before
I thought it wasn't so
That you will always hide
Even when it's not
Intended to be that way
That way
1 2 Ready Go!

C'mon C'mon
That's not what I said

(not what i said)
Believe believe
What I meant
(what I meant)
Ease up ease up
And life will get better
(life will get better)
Enjoy enjoy
Its all okay

With all of the thing that I've thrown in your face
It only caused you pain
I have to go now it doesn't make much sense
Its all that I've got left
