### "Falling Down"

I keep talking to myself, but the words  
Sound like some one else  
I'm ready to bleed all this shit  
From my veins  
I'm willing to plead for a cure  
To the pain  
And I am amazed that I'm still  
Semi-sane

#### CHORUS

I'm falling down  
My world is spinning round  
It feels like I'm flying  
The feeling is lying  
I'm falling down  
Falling down

I'm a monster  
I'm not well  
No mirrors  
So I cannot tell  
There's a zoo on my back  
And a cloud on my soul  
Where I once had a heart  
There's a bottomless hole  
I wish I could get back  
An ounce of control

#### BRIDGE

I can't see beauty in anything  
I can't tell where I tripped up  
Where I fell  
I'm a piece of candy cane  
Wedged tightly in a drain  
Day by day, dissolving away
