You think you're cool 'cause you know every girl in town
But you don't do, 'cause when you're out at night, they
don't look your way
You've got all that trendy shit and a jolly air for brains
And now you are busy to watch out for that ugly girl you
know

You think girls like that will ruin your style
'Cause a perfect guy like you need something more

You're so cool, you're so cool, you've got everything a
girl desires
You're so cool, you're so cool with a perfect butt you
can go far

You're telling me that I am thinking way too small to
understand
That you have reached your goals and I am far away
And all the things that you say that you know I don't
want to hear
So throw your empty words away and listen to what I
say

I'm not jealous in all the lies you tell
Just take it easy, you might end up in hell

You're so cool, you're so cool, you've got everything a
girl desires
You're so cool, you're so cool with a perfect butt you
can go far

You're so perfect, you've got everything
And you are way too cool to
Understand that you're out of line

She said so, she said so, you've got everything a girl
desires
She said so, she said so with a perfect butt you can go
far

You're so cool, you're so cool, you've got everything a
girl desires

You're so cool, you're so cool with a perfect butt you
can go far
You're so cool, you're so cool, you've got everything a
girl desires
You're so cool, you're so cool with a perfect butt you
can go far

You're so cool, you're so cool, you're so cool, you're so
cool
And you know what for, you're so cool, you're so cool
You know what for, you know what for, 'cause you're so
cool
